

**The IIE Smart Meter Kit is the ideal choice for monitor, control & diagnosing power distribution systems.**

**Features include:**

- \* Free Software
- \* Tru-RMS Measuring
- \* ANSI C12.20(0.2 Class) and IEC 62053-22(0.2S Class)
- \* Up to 16 Alarms from 51 Selectable
- \* Revenue Grade Accuracy
- \* Multi Communication Ports (Eg: Ethernet, RS485)
- \* Web Server & Email Sending Capability
- \* Measure Individual Harmonics from 2nd to 63rd
- \* On-Board (8MB) & Remote Data-Logging Capability
- \* Time of Use, 4 Tarrifs, 12 Seasons, 14 Schedules
- \* Modular Design
- \* Remote Internet Monitoring & Programing
- \* Optional Digital, Analog, Relay & Ethernet Modules
- \* 5 Year Warranty

Analyze & Control Consumption Patterns

Improve Budgeting & Cost Accuracy

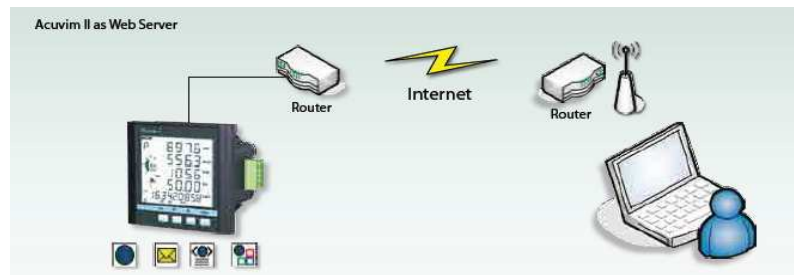

Remote & Real Time Monitoring

Protect Equipment & Improve Efficiency

Manage Automatic Load Shedding

Power Quality Diagnosis

**Pre-wired & Ready to Install**

**Acuvim II Meter**

**Acuvim IIE Meter - 8MB Memory, Time of Use**

**Acuvim IIR Meter - 8MB Memory**

**Acuvim IIW Meter - 16MB Memory, Wave Form Capture**

**AXM-NET Ethernet Module**
